

# february NEW SLETTER

Elmdale Tennis Club

**Welcome** to the Elmdale Tennis Club's first monthly newsletter. Between now and the end of our 2025 season we will be giving members monthly updates with news about all forthcoming tennis and social events and other information relevant to the club.

Already we have some social events planned. Those can be found on Court Reserve under the **EVENTS** tab where they will be regularly updated as the season progresses.

## memberships

The Board of Directors has approved a 3 per cent increase in fees for all member categories. The modest increase reflects the increased essential costs the club is facing and to offset operating costs.

Priority registration for existing members will begin on April 1st and end April 15th, after which we will open registration to those on the wait list.

## court lighting

We're investigating new LED court lighting for the coming season. It would be installed by experts in light placement to give our courts the most effective coverage. The board is currently seeking quotes from qualified companies.

## member survey

When our membership list is complete shortly before the start of the season, we will be distributing a survey. Its purpose is to gauge member satisfaction and solicit ideas for the board to consider.

## member injury policy

We will be introducing a formal injury policy this season. It can be found on the website. It fills an important gap in club regulations and details how the club will assist injured members, member responsibility for managing injuries and details of membership holds for members unable to play for prolonged periods.

## new patio furniture

Expect new patio furniture this season to replace what needs replacing.

## calling all stewards!

The Summer 2025 Steward position is now open! For more details, visit the landing page on our website.
